## IOOTH DAY OF SCHOOL

We will celebrate our 100<sup>th</sup> day of school on Friday, February 2<sup>nd</sup>.

We have planned a fun day where the children will experience the number 100 through many different activities. To help us visualize what 100 objects look like, we are asking that each child decorate a plain t-shirt with 100 items on it. Some ideas to use as decorations are stickers, googly eyes, fabric paint, cotton balls, buttons, pompoms, safety pins, stamps, etc. The lighter weight the item, the easier it is to glue, stick, or attach 100 things to the shirt. Fabric paint is an excellent decoration because it is lightweight and doesn't fall off. Have fun creating any shirt that you would like with 100 items on it. Please have your child wear their shirt on Friday, February 2<sup>nd</sup> as we celebrate the 100<sup>th</sup> day of school!

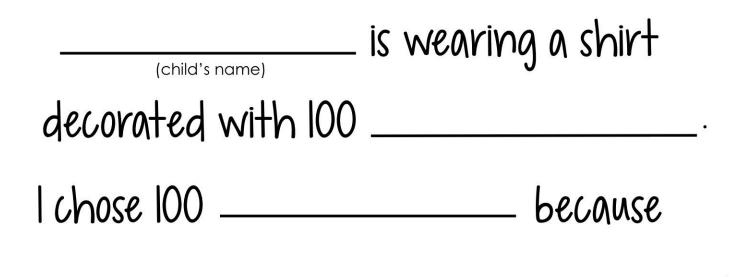

This year each class will have a fashion show at school to model our 100 collections. Attached to this note you will find a card. **Please complete the sentences describing your child's t-shirt and return the card to school on our 100<sup>th</sup> day**. During the fashion show, your child's teacher will read the card while your child models his/her

THE NEW DATE OF FRIDAY, FEBRUARY 2ND IS A RESULT OF THE SNOW/ICE DAYS WE MISSED!

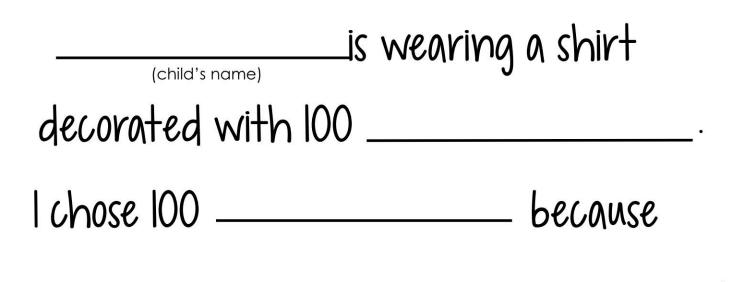

Thank you, The I<sup>st</sup> Grade Teachers 100 \* 100 \* 100 \* 100 \* 100 \* 100 \* 100 \* 100 \* 100 \* 100 \* 100 \* 100
